Full Papers

Chrobak, J. J., Napier, T. C.: Opioid and GABA modulation of accumbens-evoked ventral pallidal activity 123

Earl, C. D., Bird, M. M.: The effects of exogenous nerve growth factor in foetal rat adrenal cells in culture 235

Galli, A., Mori, F., Bargellini, M., Coppini, L.: Sodium-dependent release of exogenous glycine from preloaded rat hippocampal synaptosomes 167

Gradin, K., Persson, B.: Cardiovascular effects of intrathecal administration of agents active at 5-hydroxytryptamine$_1$-receptors in the rat: modulation by substance P and a substance P antagonist 225

Grenhoff, J., Nisell, M., Ferré, S., Aston-Jones, G., Svensson, T. H.: Noradrenergic modulation of midbrain dopamine cell firing elicited by stimulation of the locus coeruleus in the rat 11

Gross, J., Lun, A., Berndt, Ch.: Early postnatal hypoxis induces long-term changes in the dopaminergic system in rats 109

Hashiguti, H., Nakahara, D., Maruyama, W., Naoi, M., Ikeda, T.: Simultaneous determination of in vivo hydroxylation of tyrosine and tryptophan in rat striatum by microdialysis-HPLC: Relationship between dopamine and serotonin biosynthesis 213

Kornhuber, M. E., Kornhuber, J., Retz, W., Riederer, P.: L-Glutamate and L-aspartate concentrations in the developing and aging human putamen tissue 145

Molenaar, P. C., Van Kempen, G. Th. H.: Effect of diazepam on muscle weakness in a model of myasthenia gravis in rats 181

Ng, T. B., Chan, W. Y.: Action of pineal indoleamines in the reproductive systems of the male C 57 mouse and golden hamster 99

Nitta, A., Hayashi, K., Hasegawa, T., Nabeshima, T.: Development of plasticity of brain function with repeated trainings and passage of time after basal forebrain lesions in rats 37

Ögren, S. O., Lundström, J., Nilsson, L. B., Widman, M.: Dopamine D_2 blocking activity and plasma concentrations of remoxipride and its main metabolites in the rat 187

Ostrowitzki, S., Rao, M. L., Rédei, J., Andres, A. H.: Concurrence of cortex and platelet serotonin$_2$ receptor binding characteristics in the individual and the putative regulation by serotonin 27

Päivärinta, M. A., Marttila, R. J., Rinne, J. O., Rinne, U. K.: Dopaminergic neurotransmission in chronic herpes simplex virus brain infection in rabbits . . 205

Reynolds, G. P., Stroud, D.: Hippocampal benzodiazepine receptors in schizophrenia 151

Saransaari, P., Lillrank, S. M., Oja, S. S.: Phencyclidine treatment in mice: effects on phencyclidine binding sites and glutamate uptake in cerebral cortex preparations 47

Schlicker, E., Fink, K., Detzner, M., Göthert, M.: Histamine inhibits dopamine release in the mouse striatum via presynaptic H_3 receptors 1

Sharma, S. K., Dakshinamurti, K.: Suppression of domoic acid induced seizures by 8-(OH)-DPAT 87

Short Communications

Borowicz, K., Kozicka, M., Kleinrok, Z., Czuczwar, S. J.: Influence of aminophylline and 8-(p-sulfophenyl)theophylline on the anticonvulsive action of diphenylhydantoin, phenobarbital, and valproate against maximal electroshock-induced convulsions in mice 157

Harro, H., Westerling, P., Oreland, L.: CCK_B receptor activation reduces glutamate-induced depolarization in slices of rat cerebral cortex 61

Lesch, K. P., Gross, J., Wolozin, B. L., Murphy, D. L., Riederer, P.: Extensive sequence divergence between the human and rat brain vesicular monoamine transporter: possible molecular basis for species differences in the susceptibility to MPP^+ 75

Staedt, J., Stoppe, G., Kögler, A., Munz, D., Riemann, H., Emrich, D., Rüther, E.: Dopamine D_2 receptor alteration in patients with periodic movements in sleep (nocturnal myoclonus) 71

Wagner, G. C., Tekirian, T. L., Cheo, C. T.: Sexual differences in sensitivity to methamphetamine toxicity 67
